Media Statement

DATE: 6 July 2022

Revive Renmark – Help Shape your Town!

Renmark Paringa Council is continuing implementation of its' Urban Design Framework. The Urban Design Framework is our community's aspirational vision for what Renmark will physically look like in the future. The first project delivered under the Urban Design Framework is the multi award winning Taylor Riverfront Precinct.

Planning for the next two stages has commenced the design for Stages 2 and 5. Stage 2 spans from the corner of Murray Avenue and Renmark Avenue through to Pyap Street. Stage 5 captures the intersection of Renmark Avenue, Ral Ral Avenue and Murray Avenue.

Renmark Paringa Council have engaged urban designers Jensen Plus to design streetscape options for Murray Avenue (Stage 2) and Renmark Avenue (Stage 5). We are seeking community feedback on these exciting projects and now is your chance to help shape your town.

Initial concept plans along with FAQs and a link to the online survey can be found on Council's website <https://www.renmarkparinga.sa.gov.au/services/major-projects/revive-renmark>

If the community would like to see them in person, representatives from Renmark Paringa Council and Jensen Plus will have a stall at the Renmark Riverfront Markets on Saturday 9 July and invite community members to visit to ensure they shape the future of these exciting projects.

Consultation for Revive Renmark will close 5pm Sunday 31 July 2022.
