## APPLICATION FOR AN ON-SITE WASTEWATER WORKS APPROVAL

Pursuant to the SA Public Health (Wastewater) Regulations 2013, all on-site wastewater systems and alterations to on-site wastewater systems are subject to a wastewater works approval. Refer to the South Australian Department for Health and Ageing **ON-SITE WASTEWATER SYSTEMS CODE (the Code)** for further information to assist in the completion of this application form. The Code can be accessed online at

http://www.health.sa.gov.au/pehs/branches/wastewater/new-regulations-and-codes.htm

Each application must include **two copies** of a detailed sanitary plumbing and drainage lay-out (refer to Section 8 of the Code), a site and soil report (refer to Section 3.6.1 of the Code) and the appropriate fee as determined by the relevant authority. Applications where necessary, must include a detailed assessment of the land capability of the site via a soil report (i.e. the suitability of the site for treatment and disposal/reuse of domestic wastewater).

Please contact the relevant authority for details regarding the fee and method of payment. The relevant authority is:

- The local council for the installation of on-site wastewater systems with a capacity up to 40EP or connection to a Community Wastewater Management System (CWMS)
- The South Australian Department for Health and Ageing for systems to be installed with a capacity greater than 40EP, Community Wastewater Management Systems (CWMS) and for wastewater systems in areas of the state not under local government control

## FAILURE TO PROVIDE THE CORRECT INFORMATION OR FEE WILL RESULT IN APPROVAL DELAYS

3. PREMISES DETAILS				
PREMISES DESCRIPTION: ☐ Dwelling ☐ Units ☐ Commercial ☐ Other				
OCCUPANCY (RESIDENTIAL PREMISES): (number of persons)				
OCCUPANCY (NON-RESIDENTIAL PREMISES): Refer to <b>APPENDIX E</b> of the Code to decide on a suitable premises category to calculate the capacity of the septic tank and the effluent disposal requirements.				
Premises Category: P1: P2:				
WATER SUPPLY TO PREMISES:  ☐ Reticulated mains water supplied to premises				
If not, what water supply is used:				
$\square$ Roof catchment / storage or carted supply $\square$ Other (please specify)				
NON-STANDARD FIXTURES:   □ Food waste disposal unit □ Spa bath capacity (litres)				
4. PROPOSED TYPE OF WASTEWATER WORKS				
☐ New system ☐ Alteration/addition to an existing system				
For an alteration/addition to the system or a design utilising more than one of the options below, please provide a brief description of works here or attach a covering letter to the application:				
Please ensure that the submitted plans show the existing pipework and fittings (as known) and the intended additions, making a clear visual distinction between the two				
TYPE OF SYSTEM:				
☐ Onsite Disposal ☐ CWMS Connection ☐ Septic tank				
Tank capacity Make				
Talik capacity				
$\square$ Aerobic $\square$ Sand Filter $\square$ Reed Bed $\square$ Composting Toilet				
☐ Grey Water Treatment ☐ Grey Water Diversion				
Make Model				
☐ Other (please specify):				
□ Pump				
Make Model				
Sump Capacity Type and location of Alarm				
☐ Trade waste – Please refer to Section 7  Please ensure that all nominated systems and components are on the Department for Health and Ageing Approved Products List:				

Ageing Approved Products List:
