

RENMARK PARINGA COUNCIL COMMUNITY INFORMATION

Updated October 2017

This Directory has been produced by staff of the Renmark Paringa Council to inform residents of local and other relevant services available in our area.

Whilst every attempt has been made to have the correct and most up to date information available, we understand that there maybe incorrect information listed. Council asks that if you find information that has changed or is incorrect, please notify Customer Service Staff at the Council Office – 8580 3000, or email council@renmarkparinga.sa.gov.au. We appreciate your help with this matter.

The Directory is made up of two parts – a listing of businesses within the Renmark town area and community groups which may include service groups, schools, churches, sports and leisure groups.

We hope that you will find this booklet informative, useful and easy to use.

Renmark Paringa Landcare

“To enable the community to take responsibility for the management of its own natural resources to achieve long term, sustainable economic, social, cultural and environmental benefits”

The Renmark Paringa Landcare (RP Landcare), formerly known as Renmark to the Border Local Action Planning is a Committee of the Renmark Paringa Council. This Committee meets formally bi-monthly.

The RP Landcare promotes and supports volunteer groups toward the management of the natural environment in the Renmark region. The Riverland Ramsar Site is one of the significant sites within the Renmark Paringa Landcare boundary and there are many other important sites managed by the local community. RP Landcare attracts significant funding toward projects in the region and provides education programs to local schools and the community.

We recognise that in order to have a healthy natural environment, we must also have a healthy community and both the irrigation and horticultural industry must be supported toward a sustainable future.

At any time the RP Landcare Committee may have the opportunity for volunteers to be involved in the committee, programs and or projects.
