

Regional Bridges Upgrade Project

Sturt Highway Bridges

Commencement of Works

Dear Resident/Business Owner

The Department of Planning, Transport and Infrastructure (DPTI) is upgrading a number of regional bridges in the Kingston and Renmark-Paringa districts.

The \$40 million Australian Government and State Government funded Regional Bridges Upgrade Program will improve road safety and increase freight efficiency across South Australia's regional road network.

Works are scheduled to commence from **7 January, 2019 and are expected to be completed by late July, 2019**, weather permitting, and will include:

- Installation of new guard rails and bridge barriers
- Widening of road pavement across bridges

Works will be undertaken from **7am to 5pm, Monday to Saturday** until the completion of the Project.

All bridges will remain open to traffic for the duration of the works. However, traffic management and speed restrictions will be in place. Road users are advised to follow the direction of traffic management staff and observe signage.

Access to properties will be maintained at all times throughout the works and every effort will be made to minimise impacts to surrounding properties and road users wherever possible.

Proposed commencement dates for the respective work sites are as follows:

Bridge Site	Works Commence
Paringa Causeway Bridges 1 & 2	7 January 2019
Paringa Causeway Bridges 3 & 4	15 March 2019
Bookmark Bridge	29 January 2019
Salt Creek Bridge	29 January 2019
Kingston Bridge	29 January 2019

Members of the Project team will be available to discuss the project with the public at Renmark Square on Friday 18 January 2019 between 2pm and 7pm and on Saturday 19 January 2019 between 10am and 1pm.
